

## ELBALUBES GREEN CLEANER

EPA Recognized Degreaser and Cleaner

### CHEMICAL DEGREASER/CLEANER

#### Key Features:

- Superior penetration and removal of oily, greasy particulate soils.
- Ability to clean where mechanical or agitation is restricted.
- Self-splitting: oils rapidly break from used solution.
- Readily biodegradable.
- No VOCs or phosphates.
- Non-sensitizer to skin.
- Excellent rinsing properties.
- No hazardous ingredients in packaging.
- No dangerous interactions.
- No carcinogens or reproductive toxins.
- No sensitizers.
- Very low streak/smear profile.
- EPA Recognized, NSF A8 & C1, Non-flammable, Biodegradable, Non-corrosive, Phosphate-free.

This fast-acting cleaner and degreaser combine green emulsion surfactants and builders to handle tough cleaning. ELBALUBES Green Cleaner removes oil residue and hydrocarbon buildup such as grease, motor oil, tar, fuel, fats, heavy soil, and much more. It's strong enough to reduce grease trap problems during heavy cleaning. ELBALUBES Green Cleaner has been proven an effective replacement for much widely used chemistry in cleaners that are harmful to the environment. Advances in chemistry and technology means a "green" cleaner is no longer a weak cleaner. ELBALUBES Green Cleaner is a powerful degreaser and is proven safe and effective.

#### PHYSICAL PROPERTIES

Color: Clear to slightly yellow liquid

pH: < 11.5

ELBALUBES Green Cleaner is a Propylene based Glycol Ether solvent with an environmentally safe chelating agent and surfactant
